

# SPARK PLUGS

CTP Spark Plugs are manufactured to endure extreme temperatures, maximizing engine productivity and performance, as well as simplifying maintenance. The center electrode is made out of top of the line metals that prevents it from deterioration and wear, providing a longer life-span.

**The new design has been improved to provide better reliability:**

## CTP Spark Plugs

Part No.	Engine Model
1286238	G3408, 3408C, 3412
1593219	G3600
1948518	3500 GAS
2434291	G3500, G3600
2953099	C7.1, C9, C9.3, C13, C18
2N0553	G398, G3306
2N2839	3412 GAS
3016663	G3508, G3512, G3516, G3616
3465123	G3520, G3508, G3516
4797702	G3508, G3512, G3516, G3606, G3616
